Workshop Examples (similar or the same could be offered on the day)

Dungeons and Dragons

Loosen up with some scribble drawings of dragons before moving on to create a continuous line drawing of a soaring winged predator or a fire-breathing friend laying in their lair.

You Can't Resist It!

This task will be hard to resist because it seems like magic. Create your own magical image on paper batik, paint with watercolour and bring your waxy image to life.

Magical Manipulations

Discover the properties of perfect printmaking through the creation of a textured template, a collograph or a monoprint. Add collected collage to create scaly dragons with princely personalities to impress.

Final Fantasy

Use soft pastels to conjure up your own final fantasy. Whether you choose to go dragon hunting, slaying or playing, they will enchant us all!

Mythical Make-Believe Manipulations

Explore and contrast aspects of 2D and 3D by drawing with a variety of media before exploring the marvels of aluminium wire, paper clay, modeling dough, PVA or plaster to magically mould your own mythical, make-believe monster.
